**BILL PERRY**

*SoftBridge Advisors*

Bill Perry is the co-founder of SoftBridge Advisors, a consulting group that works exclusively with innovative U.S. and European companies in support of their ambitious growth plans. Mr. Perry's advisement expertise includes general management, marketing, international business, and finance.

Prior to co-founding SoftBridge, Mr. Perry created Precision Visuals Inc., a graphics software company which he grew from a 10 person garage shop into the number 49 position on the Top 100 Software Companies list.

Mr. Perry spent the early years of his career with large corporations, serving as a marketing manager for a \$1 billion industrial products line, and as chief financial officer for a rapidly-growing, overseas telecom group.

He holds an engineering degree from the Massachusetts Institute of Technology, and an MBA from Harvard.
